All consultations are by appointment only.

Patients are registered with the Practice **NOT** any particular GP. Patients can however request an appointment with a particular Doctor, but should that GP be unavailable they may wish to choose another Doctor or choose to wait until their Doctor, of choice, is available.

All Doctors working on any day offer a mixture of appointments that include those that have been booked ahead and some that can be booked on that day.

There are also telephone advice slots available each morning. To help the GP the patient will be requested to provide a Receptionist with some brief details, when making their request.

# **Home Visits**

Are only for the truly housebound or for patients too ill to attend the Surgery. Home Visits are based on medical need. Please ring before 10.30 to request.
